

DCPS FY13 Full Time Employees - Current as of 3.19.13

To better compare FY14 school budgets and the current staffing in schools, DCPS is posting the table “FY13 DCPS Current Staffing Data.3.19.13 Snapshot.Final” to portray the current staff in schools as of Tuesday, March 19, 2013. To access FY14 submitted budget data, please click on the link “submitted budgets” to access staffing information for next school year (this table ONLY reflects FY13 staffing data).

Here are some important notes for the data in the FY13 current staffing table:

- This data includes full- and part-time, benefits-earning positions and does not include temporary or hourly positions such as wages as earned (WAE) positions, afterschool staff, and substitutes. As a result, the total FTEs for each schools may be slightly different than the staff members currently reporting to a given school.
- Full time and part time position totals also include vacant positions, meaning positions that are open and available to hire.
- Schools that have hired positions through contractual funds or private funding do not have those positions reflected (e.g. Duke Ellington high school).
- Grant funded positions, such as the school improvement grant (SIG), are included in the data.
